

Work Together NC

Possibility to Opportunity

This project was supported, in part by grant number 90DNCE0006 from the U.S. Administration for Community Living, Department of Health and Human Services, Washington, D.C. 20201.

COMMON AGENDA

To improve the quality of life of people with ID/DD and their families in through (1) making it easier to navigate systems of support in the transition to adulthood (2) increasing access to meaningful work, continued education, and community engagement

Using a collective impact approach to facilitate cross sector collaboration and systems change, we aim to...

- 1) reduce complexity and increase easier access to services supporting the transition to adulthood, starting in the Triangle/Triad area of NC and eventually scaled statewide
- 2) support people with ID/DD to access and advance in meaningful work and/or continued education/training
- 3) partner with businesses to implement, sustain, and recognize the value of inclusive practices
- 4) further the inclusion of people with ID/DD in all areas of chosen participation, including opportunities for civic, leisure/recreation, and community living
- 5) disseminate accessible and culturally responsive resources

We believe this agenda will result in a mutual and ongoing benefit for both the ID/DD community and the broader community.
